Guidance System of Support (GSOS) - Spring Meetings

Spring GSOS meetings are underway! Defining student activities from a K-12 perspective using Career Checklists will be the focus. Click on the link below for the workshop overview, locations, and registration. <http://dese.mo.gov/ccr/cemodelcurriculum/guidance-sos.html>

MSCA Spring Conference: Friday, March 7, Capitol Plaza Hotel, Jefferson City

The theme for the Spring Conference is "The Leadership in You." Discover your leadership style and how to use leadership skills in guiding the direction of your comprehensive guidance and counseling program. Information and registration are on the [MSCA website](#)

Leadership In Practice Summer Forum 2014

Applications for the Missouri Chamber of Commerce and Industry's 2014 Leadership in Practice Summer Camp are being accepted until April 15. This summer **June 22-25, 2014**, up to 150 freshmen from across Missouri will participate in the Missouri Chamber's 18th annual *Leadership In Practice* summer program. For three days on the campus of Westminster College in Fulton, Missouri, students will participate in a variety of activities, simulations and discussions designed to develop their leadership skills. *Leadership In Practice* seeks to engage rising sophomores that have leadership potential, and take them to greater heights. The transformation that occurs with these young men and women during Leadership In Practice is phenomenal!

Led by professional facilitators, business and political leaders, *Leadership In Practice* helps to provide students with leadership skills and tools to empower them to go back to their high schools in the fall and become more engaged in leadership roles within their schools and communities. Setting them on a path to develop and prosper for years to come. For more information about the camp, the application process, or available scholarships please go to the webpage: [Leadership In Practice](#) or www.mochamber.com For more information contact Brian Crouse, VP of Education with the Missouri Chamber of Commerce and Industry at BCrouse@mochamber.com or by phone- 573-634-3511.

DESE Core Data Report

As of February 15, 331 districts had submitted their "MOSIS Graduate Follow Up" data. 89 districts had not. While Core Data is not the responsibility of the school counselor, there is a fair-share perspective that school counselors are part of the building team to insure accurate and timely submission of data that is relevant to the guidance program. Please check with your administrator to make sure your follow up report has been submitted. Contact the Office of Data System Management at 573-522-3207 or dsm@dese.mo.gov with questions.

SYSTEM SUPPORT

Missouri Virtual Instruction (MoVIP)

MoVIP, or the Missouri Virtual Instruction Program, which is run by the Department, will begin registering K-12 students in April for the upcoming summer semester. MoVIP currently offers about 150 different online courses in a wide variety of subjects including AP, foreign language and electives. MoVIP is an excellent resource to help school districts meet their College and Career-Ready (CCR) and High School- Ready (HSR) goals at little cost. School districts can get reimbursed from DESE for about 90% of the tuition costs. All courses are also taught by Missouri-certified teachers. For more information, please visit www.movip.org or contact Steve Schellman at 573-751-5882 for additional information.

Linn State - Computer Professions on Demand Scholarship Program

Linn State Technical College is now accepting applications for their **2014 Computer Professions on Demand** (CPoD) scholarship program. Twenty students will be selected.

While directed primarily toward mid-Missouri students, others may apply and be considered to participate in the 2014 CPoD program at no cost. Please submit your school's candidate and one alternate to attend the 12th Annual Computer Professions on Demand (CPoD) scholarship program scheduled for June 8-11, 2014 on Linn State's main campus in Linn, MO! Students selected should currently be in their sophomore or junior year, although freshman and seniors may also apply. CPoD gives students a unique opportunity to explore career fields in computer technology and is hosted by the Jefferson City Information Technology Coalition and Linn State Technical College. Over one hundred and ninety Missouri high school students have already participated in the scholarship program – one of your students could be next!

The application deadline is **April 1, 2014**. To see more about the program and to access an application form, visit <http://cpod.linnstate.edu/>. Please contact **Stephanie Scheulen**, Enrollment Management Associate, Linn State Technical College by phone at: Toll Free: 1.800.743.8324 ext. 5282 or Direct: 573.897.5282 or e-mail: stephanie.scheulen@linnstate.edu with any questions.

Interesting Insights

Manufacturing-Job Growth Prompts K-12 Training Effort is an interesting article about high school manufacturing programs. A quote from the article:

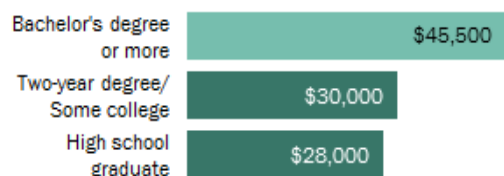

By 2018, 42 percent of jobs in manufacturing will require some postsecondary education or a degree, according to findings from the Georgetown University Center on Education and the Workforce. A 2012 ManpowerGroup study indicated that machine operators and engineers are among the top 10 jobs that U.S. employers have trouble filling.

Thoughts from Andy Rooney (from 60 Minutes fame)

I've learned.... That just one person saying to me, 'You've made my day!' makes my day.

I've learned.... That being kind is more important than being right.

I've learned.... That you should never say no to a gift from a child.

I've learned.... That sometimes all a person needs is a hand to hold and a heart to understand.

I've learned.... That no matter how serious your life requires you to be, everyone needs a friend to act goofy with.
